Notes: Please read further notes below)

*The greatest majority of our ingredients are fresh and -as often as possible- locally sourced and in season. For Festivals & Events located in Wales, we will emphasize this fact and will try to bring as much Welshness to the menu as possible with the addition of SPECIALS to our menu.

*All savoury Crêpes are also available as Traditional 'Galette Bretonnes', made with the nutty, dark buckwheat Flour instead of the traditional 'white flour' ('froment'). Try it out! It is wheat & gluten free! Our Suggestion: 'Galette Complete' (Ham, Cheese and Egg). It's traditional and really tasty! 0.50p additional charge applies.

-SAVOURY GALETTES-

ALLERGIES: all crêpes and waffles with 'nuts' contain pecan nuts. Beware: since it is impossible to prevent a stray of nut getting left on the cooking plates, we are unable to guarantee to anyone with a serious allergy that there are no nuts in other products. Also, these pecan nuts were produced and packed in a factory handling peanuts. For minor allergies, please state clearly to the cook what ingredients you can not eat. Please also check yourself when the crêpe is made.

ALL CREPES CONTAIN EGGS AND FLOUR.

-NOTES ON OUR MENUS- Edited in January 2014

*This menu list is non-exhaustive however it is a good representation of what we can offer all year round. Note that we will often make only a selection of the crepes/waffles or cupcakes showed here. Simply because not all people eat all foods! We may also come up with new or seasonal recipes, often with a distinctive WELSH twist. So who knows?! It may well be more surprises coming soon...

*All our menus are finalised only a few days prior to an event taking place. This is to make sure that the ingredients will be at their freshest (a).

WELSH SPEAKING EVENTS:

*(a) The above point also means that the chosen menus only get translated and written on boards or printed very close to the time. On this occasion, and as we've done in the past, we usually supply organisers with photographs and/or printed documents showing the Welsh Language being predominantly used. So you can forget the French for now I guess!

All in all, we hope that we will please every taste with our selection. We have been doing that for a long time now and we know from experience that often it is not the quality that counts! But rather the quality of the food served as well as the service provided.
